New Academic Building Proposal
Phase 4 Submission – Final Review

The committee addressed the fencing issue from the February meeting. The committee requested that the team review the kind of fencing around the new classroom building – fencing that was not chain link – so they found fencing that matches another open fencing on the property – a 6’ black aluminum fencing with capped pickets. They showed an image of the fencing and went over the new areas of fencing. Carla pointed out that whatever fencing they install with this project would become the standard for other fencing added to the site. The committee approved the proposed fencing.

The ISD team is proposing London Planetrees and Kentucky Coffeetrees in the right of way and landscaping as suggested by Jamie Fogle at the February meeting.

The ISD team also showed the window detail and control joints requested by the committee. The team went over the window detail in the construction documents.

The ISD team presented the materials samples at the February meeting.

Carla made a motion to approve the final design for ISD's new classroom building. Steve Lane seconded. The committee voted unanimously to provide final approval to the project.

- **Design Guidelines Re-Draft Update** **8:52 - 9:45 am**

Kevin Yoshida presented issues for discussion around the Design Guidelines re-draft. A review draft for the new LDRC Design Guidelines will be emailed to the committee on May 21st to discuss at the June 4th LDRC meeting.

- **Adjourn** **9:45 am**

The meeting was adjourned at 9:45 am.
